

Vermonters with disabilities can make a difference! Join the Vermont AmeriCorps

*"Everybody can be great,
because everybody can serve."
- Dr. Martin Luther King, Jr.*

Are you a Vermonter with a disability who...

- Volunteers, or would like to volunteer?
- Would benefit from community service?
- Would like to become an AmeriCorps member and receive an average annual living allowance of up to **\$12,500** and an education award of **\$4,725** for one year of service?

We can help!

- Individuals with disabilities are among Vermont's volunteers and AmeriCorps members
- New AmeriCorps positions are available each year
- The National Service Inclusion Project (NSIP) was launched to ensure that individuals with disabilities who want to serve have that opportunity
- Vermont Commission on National and Community Service (VTCNCS) currently administers five AmeriCorps programs with over eighty members
- VTCNCS employs a Disability Coordinator who can help you maximize your service experience, answer any questions you may have about providing reasonable accommodations, and guide you through the possibilities of volunteerism
